2025 BROCHURE

www.buckwear.uk

About Buckwear - Director, Neil Brook

After over 20 years of experience in sportswear manufacturing and garment decoration, I founded Buckwear UK in 2023. My goal is to redefine the product and service that grassroots clubs receive for all their kit and teamwear requirements.

At Buckwear UK, our mission is simple: Provide unrivalled Service, Delivery, and Quality.

Service: We offer personalized design consultations and dedicated account managers to ensure you get exactly what you need. Our customer service and social media team are ready around the clock to answer any queries. We simply won't be beaten on service.

Delivery: With our West Yorkshire-based factory, we have complete control of our manufacturing and lead times. Forget waiting days for an answer or broken promises. We've streamlined our production process to guarantee on-time delivery, with real-time tracking updates for every order.

Quality: All our kits are bespoke designed. We use only the highest-quality, durable materials and employ rigorous quality control measures to ensure your garments are long-lasting. We don't use off shelf generic kit designs with vinyl transfers to cycle to all our clubs. We can do better than. That is why I was driven to create Buckwear UK and do it my way, with you, the customer, at the heart of everything we do.

Ready to experience the Buckwear difference? Continue to scroll through our brochure which offers an insight to just some of the products we supply.

We are proud that all of our match kits are manufactured here in West Yorkshire by our specialist manufacturing team!
